

SHOP/ GARAGE

COMMON SPECS

SIZES

Common shop/garage building sizes are, 40x60, 50x100, and 60x80. However, we can design the building to be any size you need.

DOORS

Arco can offer walk doors in the following sizes: 3070 (single), 4070 (single), or 6070 (double).

WINDOWS

Arco can provide 3x3, 4x3, and 6x3 insulated horizontal sliding glass windows. Framed openings can be provided for customer-sourced windows.

CANOPIES/OVERHANGS

Canopies, lean-tos, and overhangs can be included with your building design. Please contact your sales representative to discuss options.

STYLE OPTIONS

SINGLE SLOPE

Flat-roofed building with high and low side.

GABLE

A-frame building with pitched roof.

ROLL UP DOORS

Arco can provide roll up doors depending on the size you are needing. Framed openings can be provided for customer-sourced roll up doors.
